Expenses in the FY20 certified budget are intentionally lower than forecasted revenues

- The FY20 certified budget **does not spend 100% of revenues** forecast to be collected
- Projected revenues exceed budgeted expenses in FY20 **because the government must preserve funds for additional future needs**, including, among other things the:
 - Funding of a proposed pension trust
 - Post-bankruptcy debt service
 - Projected future deficits

Fiscal Plan revenues and budgeted expenses

Revenue reflects gross up of FY20 revenues to include PayGo for non-central government employers, COFIM, and tax credits.
